**~ Dairy Bonus~**

Started in the late 1980's the dairy bonus was started to add an incentive to the dairy exhibitors since their projects are not part of the auction experience. A cash bonus is given to the supreme champion heifer and cow and to the honorable mentions. The remaining money is divided among all junior dairy animals shown and each exhibitor is awarded a stipend per animal. This program is set at each partner providing at least a \$75 amount.

**~Herdsmanship~**

For many the local fair is the only time that they are up close to farm animals. The herdsmanhip awards are awarded to clubs who provide the best display of animals. This is done by keeping the exhibit clean, having an area that is inviting to all fair attendees and being open to answer questions about the exhibit. The area is judged during the entire fair and awards are presented Sunday afternoon.

**~Dairy Breakfast~**

Sunday morning tradition, Help promote the dairy industry  
Enjoy the leisurely pace as you mingle with neighbors.  
The Elroy Fair could also use supplies for the breakfast.
